# ABOUT MICOR TOOLING

Micor Tooling offers a complete portfolio of saw blades, band saw blades, planing tools, moulders and PCD tools. At our three manufacturing sites in Sweden, and Finland we produce our world leading brands; Micor, Langshyttan, BBM and LTT which are sold to over 40 countries worldwide. Building on our more than 150 years of combined know-how, we know what is required. Given that Micor Tooling has multiple production sites we can maintain short lead times and flexibility when service counts.

Micor Tooling's aim is to develop highly efficient tools, create innovative ideas and to set sustainable trends. These innovations not only make production processes faster, more flexible, and more cost-effective, but also combine ecology and economy with the best machining quality. At Micor Tooling, craftsmanship and personal commitment, combined with ongoing efforts to improve and develop ourselves, provides us with a consistent high level of quality. Micor Tooling use renewable energy and is ISO 9001/14001-certified.

WHEN PERFORMANCE COUNTS

# OUR WORLD LEADING BRANDS

The Micor circular saw blades has been around since the mid-50's and was one of the pioneers in the industry and in developing the technology to furnish saw blades with hard metal inserts. Today, Micor manufactures saw blades for industrial use, where high demands are placed on precision, performance, and endurance. The Micor saw blades are commonly encountered and supplied to different industries, such as: Wood, Metal, Plastic and Food processing industries. The circular saw blades are manufactured in the south of Sweden.

The Langshyttan band saw blades has been synonymous with high Swedish quality for more than 50 years and is recognised worldwide as a professional partner with outstanding products and service. Over the years, Langshyttan has constantly developed its product offer and today it manufactures a wide variety of band saw blades for all different kind of need at the highest quality. Given the location and expertise, Langshyttan drives the band saw blade innovation for the most challenging cutting conditions.

The BBM opened its doors 1987 and are one of the very few players in that market that still exist today and is considered to manufacture very high-quality product that are sold around the world and are constant commitment to offer premium products that gives longer running times and swift deliveries. What makes the BBM products so admired. The Swedish craftsmanship has proven a great success over the years, as quality assurance is in the DNA, and this is synonymous to the BBM brand.

In Finland, Lahden Teräteos is a manufacturing pioneer of, among others, diamond blades, developed for woodworking applications and requiring demanding specially qualified know-how since 1960. Continuous further development of products and services, together with highly trained and motivated personnel has made LTT as a leading profiled tool manufacturer in Finland. LTT are able to offer the highest grinding quality for PCD diamond tools and offering the best sharpening service.

WHEN PERFORMANCE COUNTS

# SUSTAINABILITY MATTERS TO US

All of our production plants use 100% renewable energy because sustainability matters to us. Sustainability is central and reflected in our company's core values, which are fundamentally about caring for people and the environment: Long-term, Businesslike, Trust & Responsibility and Development.
